

our programs

Global H2O will bring together multiple water companies who drill, bottle, and distribute clean healthy drinking water.

Global Mobile will streamline companies who provide all types of outreach transportation delivering people and products around the world.

Global Cover designs, delivers, and develops community through construction of housing, clinics, orphanages, and manufacturing plants.

Global Wear will coordinate the distribution of clothing to those in need around the world and will design and produce a “green technology” clothing line.

Global Reach will provide accurate communication through GNN “The Global Need Network” including disaster relief communication, television programming, music delivery system, and uplink/downlink capability.

Global Go will develop initiatives that will bring economic development, alternative fuel and power, and green production throughout the world.

Global Now will provide humanitarian aid in times of disaster. Through its worldwide locations, teams of people and necessary supplies, products, shelters, and communication devices will be delivered efficiently through the Global Now program.

globalneed™

We would love to share more about Global Need with you. Please contact us with any questions or to learn more about our vision.

We look forward to partnering with you until there is a world without need.

our mission

Answer the Call:

Global Need is devoted to partnering with and developing organizations committed to true global stewardship. We recognize there is a great need for safe water, healthy food, stable shelter, and clean energy worldwide.

Meet the Need:

Global Need is committed to bringing people, products, and purpose to those who need it most. Global Need will provide the necessary resources for efficient manufacturing processes, rapid response to disaster relief, and environmentally responsible product development.

Effect Change:

Global Need, through its seven proactive programs, will meet humanitarian needs worldwide, develop self-sustaining communities nationally and internationally, and will continue to manage the earth's resources with innovative inventions and products to protect and improve natural resources.

our purpose

Create a Network:

- Connect non-profit organizations and pioneer companies in a community setting.
- Create synergy among those offering products, services, technology, manufacturing, and talents that benefit humanity and the earth.

Create a Core:

- Design "Business Parks with Purpose" known as "Cores".
- Develop 15 Cores nationally and 15 internationally.
- Construct each Core using green technology.
- Cores each contain: Global Need Headquarters, multiple non-profit agencies and private for-profit companies who design, manufacture, or distribute products necessary for community improvement.

Create a Movement:

- Global Need encompasses seven distinct proactive programs.
- Proactive programs meet essential human needs and responsibly manage the earth's resources.

our vision

Global Need is an organization established for responsible global stewardship of the earth's resources and the needs of its people.
